GENERIC INFORMED FINANCIAL CONSENT

You have been referred to an Old Vic anaesthetist for treatment requiring hospitalisation. Please read and fill out this form and then return it to the Old Vic rooms **before** your hospital admission. The anaesthetic fee for your anaesthetic is determined by the complexity and duration of your surgery and anaesthetic care as recommended by the Australian Society of Anaesthetists. Often the fee will exceed the amount the Government and your health fund are prepared to reimburse you. This 'gap' is your responsibility to pay.

Old Vic anaesthetists offer a significant discount for prompt payment in an effort to minimise your out-of-pocket expense.

What is Informed Financial Consent? The Health Legislation Amendment Act 2000 requires that we disclose additional financial interests to you prior to your procedure and obtain your financial consent. This is an estimate of the likely out-of-pocket medical costs incurred by you. In the event of unforeseen circumstances it may be necessary to add additional medical services resulting in further charges to you. Please see www.oldvic.com.au for more information.

BEFORE YOU RETURN THIS FORM, PLEASE:

1. Read the following information about possible insurance categories
2. Select which statement best applies to you by ticking the appropriate box
3. Complete the section overleaf for your personal details
4. Sign and date the declaration

Often where another institution or compensatory body is responsible for the account or the patient is a pensioner with private hospital insurance there will be **NO GAP TO PAY**.

- I have a **DVA Gold Card**
- My account is covered by **Worker's Compensation** or is an **MAIB** claim, and has been approved
- I am a **pensioner and I have private hospital insurance**
- I **do not have private hospital insurance** and I understand I will have a gap to pay.
- I am a member of a **fund listed below offering a Known Gap** and I understand that I will be responsible for that gap. Please contact the rooms for the exact amount.

I have read and understood the above information. I understand that these costs are an estimate only and subject to variation. I am responsible for payment of the 'Gap' amount where applicable, and I understand that it is not claimable through any other source. I authorise my health fund to claim my Medicare benefit and I assign all benefit entitlements to the anaesthetist performing my anaesthesia. I authorise the hospital or my anaesthetist to provide my health fund with any relevant information required for the assessment of this claim. This form is neither consent to, nor a request for, a procedure.
